

## **POLARIS PROPERTIES CELEBRATE THE HOLIDAYS**

DALLAS, TX (DECEMBER 2018) — Being a community-oriented company, Polaris always strives to provide its residents the sense of home and community. During the holiday season, Polaris took the opportunity to bring the holiday spirit to its residents by hosting a large celebration event at each property with their neighbors and the managing staffs.

Each Holiday celebration was organized by the dedicated staff members at the community center. Every staff member was excited to decorate the center with festive decors. They worked tirelessly to make the party the most memorable for their residents. The residents were very grateful. Many residents took time from their busy life to come by the office to celebrate and thank the managing staff for all their effort, support, and help during the year. “I am very grateful for everything that has happened in our community and I am thankful to have our manager Claudia. It’s been a tough year for me, but these events make me feel appreciated.” an Aero Apartments resident said.

Another resident at Aero, a veteran who served in the military, was very excited to have the opportunity to get out of the house and celebrate the event with the Aero managing staffs and his neighbors: “I am very grateful for this stuff that is always there. These parties are giving me a reason to get out of my house.”

At Brandon Mill, one of Polaris’ newer communities, the party had a large turnout where the kids received gifts from Santa and had a party with several activities for the younger and the older crowd. A resident commented: “We need more events like this, it is nice to be able to celebrate Christmas with the staff members and my neighbors.”

At Hickory Ranch many parents attended with their little ones to celebrate the event: “This party is very nice, thank you for hosting it! My kids had a blast.”

We cannot do this without our dedicated and hard-working staff members. They are the true holiday miracle!

Polaris Real Estate Partners specializes in multifamily investment in the mid-western and central United States, with its principals holding decades of direct real estate investment experience and 3,500 units under current management. Over the past 20 years Polaris principals have acquired multifamily properties, warehouses, manufacturing facilities and retail properties as well as improved and unimproved land. Polaris is also deeply committed to enriching the lives of its residents through its community improvement efforts.
